

**PROGRAM CHANGE NOTIFICATION:**  
Pennsylvania Turnpike Commission  
Approves Changes to Volume Discount Program

Pennsylvania Turnpike Commission (PTC) has approved a new toll rate schedule for 2012. Effective January 1, 2012, the PTC is increasing tolls by 10% for cash customers only and there will be changes to the commercial volume-discount program...

**How will a cash toll rate increase impact the commercial volume discount program?**

Essentially:

- E-ZPass customers who currently receive up to a 7% savings on PTC tolls will be eligible (in 2012) to save approximately 17%.
- In light of the additional savings, the commission also approved changes to its commercial volume-discount program; effective January 1, 2012, the volume discount will be reduced 5% across the board.
- Additionally under the BESTPASS umbrella when you incur PTC Tolls:
  - Up to \$5,000.00 receive an additional 3% discount
  - \$5000.01 to \$10,000.00 receive additional 7% discount
  - \$10,000.01 or more receive an additional 10% discount

Again, the above-mentioned changes are effective January 1, 2012. We realize you may have some questions, please do not hesitate to contact our Customer Support team at 1-888-410-9696 for assistance.

Thank you.

Sincerely,

BESTPASS, Inc.
